This coming Friday evening, May 7, our website will be working intermittently
Our corporate portal www.banrep.gov.co will be undergoing scheduled maintenance starting at 7:30 p.m. on Friday, May 7. As a result, the services on the website will be intermittent, possibly presenting errors in the queries made throughout the night. Please take the necessary measures to reduce the impact on your work.

Our other platforms will be operating normally:

- Banrep Statistics: https://totoro.banrep.gov.co/estadisticas-economicas/
- Economic Research Portal: https://investiga.banrep.gov.co/es
- Repository of *Banco de la Republica*'s documents and publications: http://repositorio.banrep.gov.co/
- Cultural Portal: https://www.banrepcultural.org/
- Virtual Library: http://www.banrepcultural.org/biblioteca-virtual

We are working continuously with our support team to improve your experience with our services.
