

Please be informed that since the 1st of November 2016 the Colombian exchange rate published by the Central Bank of Colombia (Banco de la República) is taken by one of its systems directly from the Colombian Financial Superintendence Web service which exclusively provides the Market Exchange Rate certified by them. Therefore, bid weighted average price and offer weighted average price are only available up to the 31st of October 2016.

Colombian Peso Market Exchange Rate for July 05th, 2024, is \$ **4096.09** Colombian pesos per US Dollar
