

RFP for External Managers of the Foreign Reserves

Activities schedule

Since 1994 Banco de la República has been successfully running an External Management Program. The main objectives of the program are to: a) enhance the performance of Colombia's Foreign Reserves Investment Portfolio; b) provide training and transfer knowledge to the Bank's staff; and c) support the Bank's research efforts and the management of the reserves where needed. The Board of Directors of the Bank has approved a selection process for a new external asset manager specializing in short-duration fixed income portfolios.

In order to participate in this selection process, interested firms should answer the attached questionnaire. Eligible asset management divisions/business units must have at least US\$50 billion in fixed income assets under management and have a minimum experience of 10 years in fixed income management for institutional investors. Additionally the legal entity responsible for the investment management agreement must have at least US\$14 billion in fixed income assets under management.
