The main purpose of these reports is to monitor the vulnerabilities and risks of the financial system. Opinions and potential errors are the sole responsibility of the authors, and their contents do not compromise the Board of Directors of *Banco de la República* (the Central Bank of Colombia).

AUTHORS AND/OR EDITORS Vélez-Rodríguez, María José Castillo-Toro, Sergio

The Financial Stability Special Reports accompany the publication of the Financial Stability Report and provide a more detailed analysis of some aspects and risks relevant to the stability of the Colombian financial system: market liquidity risk, market risk, credit risk, financial burden, loan portfolio, and housing market in Colombia, international indicators, concentration, and competition in the deposit and credit markets, corporate sector surveys, and financial inclusion.

Publication Date: Wednesday, 30 of December 2020

This report analyzes the main financial indicators for Central and South America, the Dominican Republic, and Mexico. To evaluate the situation of the region's credit institutions, the report considers the performance of their portfolio, risk management, profitability, and efficiency for the period between June 2019 and June 2020.
