

Purchases / Sales of TES and Foreign Currencies, and TES Portfolio Holdings by Banco de la República

- *Banco de la República* (the Central Bank of Colombia, BanRep) informs that in November 2021 it made outright purchases of TES B in the market for COP \$896.3 b (value at market prices). These purchases were made in response to the difference between the latest projections of supply and demand of the monetary base, as well as to help in keeping the Overnight Benchmark Banking Indicator (IBR by its acronym in Spanish) aligned with the monetary policy rate determined by the Board of Directors of the Central Bank.

At the end of November 2021, the outstanding balance of TES held by BanRep was COP \$29,431.8 b (value at market prices).

BanRep's TES portfolio (expressed in nominal terms) is composed of peso-denominated TES (COP \$25,657.1 b) and UVR-denominated TES (UVR 16 b).

In December 2021, none of the TES B held by BanRep expires.

- Regarding the foreign exchange market, in November 2021, BanRep did not perform any sale or purchase.
