

# Wage Dynamics Post–COVID-19 and Wage-Price Spiral Risks

## Activities schedule

- Will be conducted in English.
- Organized by Fedesarrollo and Banco de la República (central bank of Colombia)

**Alexandre Balduino Sollaci** is an economist at the World Economic Outlook division at the Research Department in the IMF. He also has experience as a desk economist, where he covered real sector and fiscal issues for Vietnam and Cambodia, respectively. Before joining the IMF, he obtained his PhD in Economics from the University of Chicago.
