Informes Especiales de Estabilidad Financiera (Special Financial Stability Reports, available since 2013)

The *Informes Especiales de Estabilidad Financiera* (Special Financial Stability Reports) accompany the publication of the Financial Stability Report and provide a more detailed analysis of some aspects and risks relevant to the stability of the Colombian financial system, including market liquidity risk, market risk, credit risk, financial burden, loan portfolio and housing market in Colombia, international indicators, concentration and competition in deposit and credit markets, corporate sector surveys, and financial inclusion.
